

Department of Health and Sport Sciences
Sport and Leisure Studies Unit

• **Announcement of Faculty Vacancy** •

Position: Position #2099: Assistant Professor of Sport and Leisure Studies. Full time, tenure track appointment in the Department of Health and Sport Sciences.

Qualifications: An earned doctorate (obtained by August 20, 2007) with an emphasis in Sport Management, Leisure Management or a related discipline is desired.

Responsibilities: Contribute to classroom delivery of the undergraduate program in Sport and Leisure Management and graduate program in Sport and Leisure Commerce. Candidates should possess expertise in one or more of the following content areas: sport and leisure management and/or sport and leisure marketing, program development and delivery, area and facility management, event management, sport and leisure information technology, and/or related subject areas. Candidates are also expected to clearly outline a coherent, sustainable, and potentially fundable research program. It is anticipated that the candidate will also actively pursue research and service initiatives on behalf of The University of Memphis' Bureau of Sport and Leisure Commerce.

Setting: The University is located in a large urban center of Tennessee and the Mid-South region. The institution is the second largest in the state with enrollment of approximately 20,000 students. The Department of Health and Sport Sciences is one of four departments within the College of Education, offering undergraduate and graduate degrees. The department can be visited online at <http://hss.memphis.edu/>.

Rank/Salary: Salary is competitive and commensurate with qualifications. This position is a nine-month appointment. Summer School teaching is usually available based on departmental needs.

Starting Date: Fall Term, 2007

Deadline of Application: November 16, 2006, and may continue until filled.

Application Procedure: Send cover letter, a statement of teaching philosophy, current vita, and three current letters of recommendation to:

Dr. Richard L. Irwin, SLS Search Committee Chair
